10	Institute: CENTRE FOR DEVELOPMENT OF ADVANCED COMPUTING NOIDA Course: SPECIALISED PROGRAMME ON MACHINE LEARNING Start Date: 04-07-2022 End Date: 12-08-2022	Machine learning is a technique behind innovations such as facial recognition, self-driving cars, predictive results in search, predictive text etc. The objective of this training program is to understand how machines can learn from its past experience which is considered as the core of ai. The focus is on creating strong fundamental knowledge sets on building algorithms by mastering the principles of statistical analysis, machine learning and deep learning. During the course students will be able to: 1. Gain an in-depth understanding of data structure and data manipulation in python programming 2. Gain expertise in mathematical computing using the numpy and scikit-learn and handling data using pandas 3. Comprehend the principles, algorithms, and applications of machine learning 4. Learn the applications of machine learning across various use cases like customer service, financial services, healthcare and more 5. Understand supervised and unsupervised learning models including linear regression, logistic regression, clustering, classification, k-nn 6. Master the concepts of recommendation engine and time series modeling, search algorithms, neural networks, and nlp	ALL COUNTRIES	30 / 30	BANGLADESH COTE D'IVOIRE DEMOCRATIC REPUBLIC OF CONGO ERITREA ETHIOPIA IRAN IRAQ MAURITIUS MOROCCO MOZAMBIQUE NIGER SOMALIA SUDAN TAJIKISTAN TANZANIA TUNISIA TURKEY ZAMBIA

13	Institute: NATIONAL INSTITUTE FOR MICRO SMALL & MEDIUM ENTERPRISES Course: SME FINANCING - APPROACHES AND STRATEGIES Start Date: 18-07-2022 End Date: 26-08-2022	Aim: Small and medium enterprises play a key role in the economic growth of any country. SMEs utilize local resources and therefore need promotion, financing, development, etc., of this segment. Such an effort did encourage SMEs to grow significantly to the extent of self-sufficiency and contribute to exports. This presupposes provision of timely and adequate financial assistance to ensure their startup, sustenance and growth. The financial sector has to be suitably integrated with the process of industrialization by periodically reviewing and bringing in reforms, this enables to cope with changes, credit policy and operational procedures in the sanction / conduct of the financing activities of banks and financial, affording identification of enterprise opportunities, promotion of entrepreneurship and ensuring free flow of credit to aspiring entrepreneurs. Objectives: 1. To formulate methodologies for the vitalization of the financial sector in conformity with development plans. 2. To understand the concepts of development banking. 3. To improve operational skills to assess credit requirements of borrowers, scrutinize and appraise loan proposals, and 4. To develop suitable systems of supervision and follow-up to ensure proper utilization of funds by the borrowers and prompt recovery. 15	Institute: TATA INSTITUTE OF SOCIAL SCIENCES,MUMBAI Course: MASTER OF ARTS IN SOCIAL WORK Start Date: 25-07-2022 End Date: 03-05-2024	The school of social work (ssw) promotes education in social work that is democratic, emancipatory, egalitarian, and develops a critical perspective in students. It also identifies new areas for social work practice and evolves innovative strategies through practice-based research and field action projects. Other thrust areas of the school are research, networking and liaising with governmental and non-governmental organisations for capacity building, policy and programme development, and extension. The school of social work offers 9 m.A. Social work programmes emerging from the thematic areas of the 8 centres. In the first year, students are introduced to the field of social work through core courses and fieldwork which is generic in nature. Fieldwork in the first year is organised in a way that each student is exposed to a broader thematic area, not necessarily one that the student has chosen to specialise in. Foundation courses focus on key social issues. All these together help students develop a critical-analytical gaze and basic intervention skills of working with marginalised groups and institutional structures. Programme- specific, thematic inputs in the first year are designed to help students understand concepts, theories and practice in their chosen field of engagement. It is in the second year that thematic inputs are deepened through several more courses offered by each centre, anchoring the specific m.A. Programme. M.A. Social work with children and families M.A. Social work in community organisation and development practice	MYANMAR	22 / 19	MYANMAR

29	Institute: JAIPURIA INSTITUTE OF MANAGEMENT Course: DESIGN THINKING APPROACH FOR INNOVATIVE ORGANIZATIONS Start Date: 22-08-2022 End Date: 02-09-2022	The goal of this course is that participating professionals acquire design thinking skills. This is a workshop based course where participants learn by doing. Nowadays, policy makers along with conventional product and industrial design firm and professionals also use design thinking approach to develop scalable and impactful product, service and policy interventions. It is also used to solve so called wicked problems- problems for which neither question nor answer is well defined. Hence keeping these practical aspects in ground, the learning objectives are as follow: 1 Develop a humanistic mind-set while designing, innovation, developing and testing solutions for new products, services And process. 2 Understand the role of innovation in the digital era and drive disruptive innovation. 3 To sensitize participants with research acumen to conduct studies for user centred design development. 4 Create design thinking culture to drive innovation in an organisational setup. 5 Envisage innovation solution individually and in a team for maximising business impact. 6 Develop the ability to create and test prototypes that are customer centric and innovation. 32	Institute: REC INSTITUTE OF POWER MANAGEMENT & TRAINING Course: CERTIFICATE COURSE IN POWER DISTRIBUTION MANAGMENT Start Date: 22-08-2022 End Date: 30-09-2022	Aim: Power distribution forms most crucial chain of the entire electricity business. If this segment is able to demonstrate reliability with commercial viability for every part of network then there is every possibility that the entire power sector will yield positive results. Therefore, there is necessity to modernize and adopt best practices in power distribution sector. The best technology application and adoption of innovative operation and maintenance practices will improve quality and reliability of power supply to customer. Best commercial practices helps in reduction of losses. Refurbishment of hv & lv distribution system will increase customer satisfaction on the one hand and increase the revenue of the utility on the other. Scada and automation play important role in safe and reliable operations also help in protection of human and material assets of the organisation. This programme addresses all such important issues to make a course more relevant to power distribution engineers of the developing countries. Objectives: 1) Impart knowledge on best practices in construction of distribution systems. 2) Orient the participants with advance technologies and systems including it applications and automation. 3) Educate the participants on standards of performance and customer relation management. 91	Institute: V.V.GIRI NATIONAL LABOUR INSTITUTE Course: HEALTH SECURITY AND PROTECTION OF WORKERS Start Date: 28-11-2022 End Date: 16-12-2022	The changing job patterns and working relationships, the rise in self employment, greater sub-contracting, outsourcing of work, homework and the increasing number of employees working away from their establishment, pose problems of occupational safety and health risks at workplaces. New safety hazards and health risks have appeared along with the transfer and adoption of new technologies. Along with this, the lack of health insurance for workers in the informal economy, pose a double burden of health care expenditure. The programme therefore aims to address these issues and the need for social inclusion in order to boost human capital and productivity. It would enable participants to understand the international standards and existing legal instruments as well as some global best practices in order to promote workers' rights, based on a model of social justice in the area of health protection and security. Objectives • to provide an overview of social protection policies that are critical in realizing the human rights for all, thereby boosting human capital and productivity. • to develop insight on the existing legal instruments on social protection of workers and occupational safety and health (osh) protection. • to analyses trends and recent policies on health protection and security. 108	Institute: NATIONAL INSTITUTE FOR MICRO SMALL & MEDIUM ENTERPRISES Course: PROMOTION OF MICRO ENTERPRISES Start Date: 19-12-2022 End Date: 28-01-2023	Aim: employment generation and poverty alleviation are the two major issues before the government of every developing country. Since agriculture can no longer absorb the gainful employment needs of the growing population, the occupational transfer to secondary and tertiary sectors has become inevitable. The concept of income generation by economically weaker sections of society through the setting of micro-enterprises is slowly but steadily gaining momentum in all these countries. India has a remarkably successful record of servicing the targeted groups such as the educated unemployed, tribes, ex-servicemen, the physically challenged and women through special programmes and support services. Justifiably, india looks forward to opportunities to share its experiences with other developing countries. Objectives: . Identify suitable income-generating activities requiring low investment, matching the skills of target groups. . Understand the techniques of promoting micro-enterprises among various target groups. . Acquire skills to monitor programmes of micro-enterprise promotion, implementation, and management. . Share the indian experience with other developing countries in the development of micro-enterprises.	ALL COUNTRIES	30 / 13	CAMEROON COTE D'IVOIRE ETHIOPIA KENYA MALI NIGER SUDAN TANZANIA ZIMBABWE

109	Institute: NATIONAL INSTITUTE FOR MICRO SMALL & MEDIUM ENTERPRISES Course: WOMEN ENTREPRENEURSHIP DEVELOPMENT THROUGH SELF HELP GROUPS Start Date: 19-12-2022 End Date: 28-01-2023	Aim: self help groups(shgs) act as a developmental tool for the empowerment of poor women and socially marginalized sections in rural segments. Shgs and ngos play a vital role in the development of micro, small and medium enterprises (msme) sector, particularly in the rural microenterprises. Self help groups are making efforts to remove poverty through rural microenterprises development, and also encourage members to become self reliant, self dependent in the family. Shgs also cultivate managerial strength among members and enhance basic skill for understanding monetary transaction. Shgs act as a forum to discuss and solve their social and economic problems. The present training programme aims to study the role of shgs in promotion of rural women entrepreneurship. Objectives: . To cultivate entrepreneurial qualities in rural women . To study the role of shgs in rural women entrepreneurship development. . To identify viable opportunities for shgs member . To study the problems and prospects of women entrepreneurship . To understand the institutional support for shgs promoted women entrepreneurs . To formulate and implement various developmental programmes for women entrepreneurs in rural areas	ALL COUNTRIES	30 / 13	ETHIOPIA KENYA MALI NIGER SUDAN TAJIKISTAN ZIMBABWE

135	Institute: RESEARCH AND INFORMATION SYSTEM FOR DEVELOPING COUNTRIES Course: DEVELOPMENT PARTNERSHIP-LEARNING SOUTH-SOUTH COOPERATION Start Date: 12-01-2023 End Date: 23-01-2023	This course aims to instigate dialogues and discussions on the various facts of south-south cooperation (ssc) as there has been an extensive debate on ssc. However, its historical context needs to be understood clearly. This course would also include field visits and sharing of best practices thus, enabling a practical exposure. Objective: the key objective of the course is to introduce the participants to the nuances of the development cooperation debate with the following emphasis: this is a programme which would expose the participants to a broader. Concept of the development cooperation by understanding its role in strengthening and improving economic ties between different countries. The emphasis will be on making them understand how the whole scenario can be looked and applied in the current real life situations by facilitating discussions on the theoretical and institutional frameworks required in light of empirical realities to strengthen south-south cooperation. 170	Institute: NATIONAL INSTITUTE FOR MICRO SMALL & MEDIUM ENTERPRISES Course: PROMOTION OF SOCIAL ENTERPRISES FOR REALIZING SDGS Start Date: 13-02-2023 End Date: 25-03-2023	Aim: social entrepreneurship offers not only a path for young people to transform their own lives, but also a way to empower others. We believe that young social entrepreneurs have a key role to play in contributing to the 2030 agenda and the sustainable development goals (sdgs). They are increasingly using innovative business approaches to respond to today's challenges and tomorrow's problems. A direct impact of this initiative will be on fostering employment and revenue generation for young social entrepreneurs in the corresponding countries of the programme. It will also improve access to investment and generate role models for younger generation. By making these young social entrepreneurs more competitive and visible, there is also a direct contribution to the sdgs in their respective field of intervention and it can inspire, on the longer term, other young people to follow their paths. This course will identify the vistas social entrepreneurship in achieving the sdgs Objectives: . To identify the various avenues of social enterprises that will reach various sdgs . To identify opportunities and develop innovation for social enterprise to address various societal problems . To understand the eco-system, policies, statutory legal compliances, schemes for promotion and management of social enterprises . To mitigate the conflict between social and commercial objectives. 186	Institute: REC INSTITUTE OF POWER MANAGEMENT & TRAINING Course: EMERGING TRENDS IN RURAL ELECTRIFICATION Start Date: 27-02-2023 End Date: 24-03-2023	Aim: Rural electrification is viewed as a prime mover for rural development and the basic pre-requisite for all industrial activities besides contributing significantly to increase agricultural productivity, creating employment and income generation. However, distribution of electricity to rural areas through grid connectivity is more complex by virtue of its nature as it involves high cost & technical losses, besides, demand are very low and scattered. In these circumstances, decentralized generation and distribution is the convenient mode for supply of electricity to remote and far-flung rural areas. In recent times, attempt has been made to harness and manage the distribution of electricity at local level with people's participation for adequate distribution at affordable prices. Objectives: 1) Familiarize participants with recent practices in rural electrification and emerging trends in rural power management 2) Impart knowledge on planning and management for rural electricity distribution sector 3) Discuss different issues about power distributed power generation options for rural electrification through mini and micro grids	ALL COUNTRIES	30 / 14	ETHIOPIA FIJI GHANA MALAWI NEPAL NIGER TAJIKISTAN TANZANIA
